

New York Institute of Technology's College of Arts and Sciences invites applications for a tenure-track **Assistant Professor in School Counseling** to join our CACREP-accredited M.S. in School Counseling program.

Responsibilities: Teaching, scholarship, and service to the department, college and institution at large. Course topics may include: *research, group counseling, foundations of counseling, career, consultation, and fieldwork courses*. An emphasis is on preparing broadly skilled, reflective practitioners and socially conscious leaders for school counseling careers in Pre-k through 12 settings. This position will serve both the New York City and Old Westbury, Long Island campuses as all school counseling faculty teach at both locations.

The NYIT School Counseling Program prepares school counseling candidates to be educational leaders, social justice advocates, and system change agents with an emphasis on working in urban and suburban diverse settings. Coursework is designed especially for school counselor preparation and the faculty is committed to pedagogical innovation, strong partnerships with NYC and suburban school counselors, working with underserved and underrepresented student populations, and educational equity.

Required qualifications for the position are:

- Ph.D. in Counselor Education or related counseling area from a CACREP-accredited program.
- Successful prior experience as a school counselor and/or supervisor of school counselors.
- An active research agenda with evidence of scholarly productivity and publications.
- An understanding of and commitment to the principles of social justice and educational equity.

Preferred qualifications for the position include:

- Licensure (or eligibility for licensure) by a state professional counselor licensure board and experience in a clinical setting.
- Familiarity with the CACREP accreditation process.
- Experience teaching online and blended-format classes.

New York Institute of Technology (NYIT) offers 90 degree programs, including undergraduate, graduate, and professional degrees, in more than 50 fields of study, including architecture and design; arts and sciences; education; engineering and computing sciences; health professions; management; and medicine. A non-profit, independent, private, and nonsectarian institution of higher education, NYIT has more than 9,000 students worldwide.

Since 1955, NYIT has pursued its mission to provide career-oriented professional education, give all qualified students access to opportunity, and support research and scholarship that benefit the larger world.

NYIT's College of Arts and Sciences provides professional preparation for teachers, school counselors, educational leaders, and leaders/practitioners in instructional technology in education and corporate settings.

NYIT provides a competitive salary and benefits package. Start date: *September 1, 2019*. Please include in your application a cover letter, your curriculum vitae, three (3) references, and a statement of your teaching philosophy and research agenda.
